Application for Change of Research Topic - Domestic students only

International students must follow the directions to apply for a topic change at: Change of research topic - International Students

Note that your research topic is different to your thesis title. Your research topic describes your research in more detail and can Include reference to materials and methods used while your thesis title is normally reasonably short and is not recorded by the University until your thesis is received for examination.

This form should only be used if there is a significant change in the direction or focus of the research OR requires a change to your Field of Research (FoR) code at the 4 digit (group) level. Further Information on Field of Research codes can be found here: https://www.abs.gov.au/statistics/classifications/australian-and-new-zealand-standard-research-classification-anzsrc/latest-release

If you have significantly changed your research and the commencement of a new candidature is being considered please discuss this with your supervisor(s) and postgraduate coordinator/head of school and contact the Adelaide Graduate Research School: graduate.research@adelaide.edu.au.
