Use of LinkedIn Learning resources

To incorporate LinkedIn Learning into a MyUni course (after activating your LinkedIn Learning account):

Open MyUni and determine where in your course you wish to embed the complementary resource.

Keeping the original MyUni page open, open another webpage and open your LinkedIn Learning account.

Search for and identify the LinkedIn Learning piece you wish to include.

View the piece to ensure it conveys the information intended and is appropriate to the Australian context.

While still on the LinkedIn Learning site, left click on the arrow icon in the top right hand corner.

From the drop down menu, select ‘Embed’.

Click ‘Copy the Code’. ‘Autoplay’ does not need to be selected.

Within your MyUni course, create a new page or find the page where you want to embed the piece, and click ‘Edit’.
