The Quarto

Comprises sheets of paper, folded twice, forming four leaves and eight pages. As with a folio, the sheets are laid out lengthwise. In this case the signature must be on the underside of the top-right hand corner. The sheet is folded as in the folio when it's turned so that the crease is furthest from the binder and the right hand corner. It is fashioned like a book. The crease is furthest from the binder and the right hand corner. It is fashioned like a book. The crease is furthest from the binder and the right hand corner. It is fashioned like a book.
