Notes to and Forming Part of Financial Statements Year Ended 31 December 2000

1 Basis of Preparation

These notes, prepared in conjunction with the financial statements, provide an explanation of significant accounting policies and practices adopted in the preparation of the financial statements. The financial statements and notes collectively constitute a general purpose financial report prepared in accordance with Australian Accounting Standards, unless otherwise disclosed in these notes. The report also conforms with the reporting requirements of the Commonwealth Department of Education, Training and Youth Affairs (DETYA).

The term "Statement of Financial Performance" is a reporting requirement of DETYA, and not the early adoption of AAS1 – Statement of Financial Performance.

2 Scope of Reporting

The financial statements and notes disclose the operating results and 1999 comparative results of the University of Adelaide as follows:

University - refers to all aspects of operation of the University of Adelaide only.

Consolidated - refers to the operating results of the University of Adelaide together with operating results of its controlled entities, interests in associated entities and its joint venture operations. In the following notes this will be referred to as the Economic Entity.

The operational aspects of the University of Adelaide also include the following activities:

- Australian Music Examinations Board
- Mawson Appeal
- The University of Adelaide Medical Foundation
- South Australian Foundation for Dental Education and Research Inc
- The Postgraduate Committee of Dentistry
- The University of Adelaide Foundation

The controlled entities of the University of Adelaide included in this report are:

- Lubims Pty Ltd
- Luminis Pty Ltd as trustee for Luminis Investment Trust
 - Australian Company Number 060 292 486 Pty Ltd formerly Camtech (SA) Pty Ltd as trustee for Camtech Discretionary Trust
 - Camtech R&D Pty Ltd (Sold 10/1/01)
 - Camtech ASIA Sdn Bhd (Sold 10/1/01)
 - Australian Company Number 49 089 171 719 Ltd formerly Camtech Corporation Ltd
- Repromed Pty Ltd
- Disc Pty Ltd
- Martindale Holdings Pty Ltd as trustee for JS Davies Estate
- JAT Mortlock Trust

Refer to Note 26 Investment in Controlled Entities.

3 Statement of Significant Accounting Policies

(a) Basis of Accounting

The financial report has been prepared on the basis of historical costs and except where stated, does not take into account changing money values or current valuations of non-current assets.

These accounting policies have been consistently applied by each entity in the consolidated entity and, except where there is a change in accounting policy, are consistent with those of the previous year.

Where necessary, comparative information has been reclassified to achieve consistency in disclosure with current financial year amounts and other disclosures.

3 Statement of Significant Accounting Policies (cont'd)

(g) Investments

Funds are invested in the following categories under guidelines determined by the University. Details of these investments are disclosed in Note 8.

- **Cash on Deposit**

These are cash balances held in interest earning facilities with financial institutions.

- **Composite Fund**

The bulk of specific purpose endowments received by the University to fund research activities, scholarships, prizes and lectures, are included in the Composite Fund. This Fund is invested in cash deposits and longer term investments managed by an independent portfolio manager. It includes a mix of Australian equities, overseas equities, fixed interest securities and property trusts. These investments are reported in the Statement of Financial Position at market values obtained from the portfolio manager. Unrealised gains or losses are recognised in the Statement of Financial Performance.

(h) Investments in Business Undertakings

- **Controlled Entities**

Investments in controlled entities are carried in the University's financial statements at the lower of cost and recoverable amount. Dividends and distributions are brought to account in the Statement of Financial Performance when they are declared by the controlled entities.

- **Associates**

An associate is an entity, other than a partnership, over which the consolidated entity exercises significant influence and where the investment in that entity has not been acquired with a view to disposal in the near future.

In the University's financial statements, investments in associates are carried at the lower of cost or recoverable amount.

In the consolidated financial statements, investments in associates are accounted for using equity accounting principles. Investments in associates are carried at the lower of the equity accounted amount and recoverable amount. The consolidated entity's share of the associates' net profit or loss after tax is recognised in the consolidated Statement of Financial Performance after the elimination of unrealised profits and losses on transactions between the associate and any entities in the consolidated entity or another associate of the consolidated entity. Other movements in reserves are recognised directly in consolidated reserves.

- **Joint Venture Operations**

The University derives income as part of its participation in Cooperative Research Centres, as listed in Note 28 (a)(i). In the ordinary course of events this income is used to meet operational costs and/or acquire equipment which is recognised in the accounts of the University. As a participant, the University will be entitled to a proportionate share of any intellectual property arising, which in time, it would be required to account for under the rules of joint venture accounting. As at year end, the University is not aware of any material intellectual property with commercial value. As such no accounting entries have been recorded.

The consolidated entity's interest in Other Unincorporated Joint Ventures, as described in Note 28 (a)(ii), is not considered material in total, and as such they have been reported as a net amount in investments.

- **Other Business Undertakings**

The Economic Entity does not exercise significant influence over the two public listed investments held by the Luminis Investment Fund. The Economic Entity's holdings as at balance date are subject to escrow provision.

As the Economic Entity is not in a position to dispose of these shares, the valuation has remained unchanged. Refer Note 29 Other Investments.

(i) Inventories

- **Consumable Materials and Trading Stock**

The University operates from multiple locations where working levels of inventory are held. Previously, inventory was expensed at the date of acquisition and was not displayed in the Statement of Financial Position. However, in the current year there has been a change in accounting policy where inventory on hand as at 31 December 2000, was brought to account as a current asset at the lower of cost or net realisable value. Where controlled entities have reported inventory, this is included in consolidated figures for the group at the lower of cost or net realisable value.

- **Livestock**

Although the University breeds animals for teaching and research activities, it does not conventionally value livestock for recording in the Statement of Financial Position. Where controlled entities have reported livestock, this is included at net realisable value.

3 Statement of Significant Accounting Policies (cont'd)

(j) Non-current Assets

- **Acquisitions**

Items of property, plant and equipment are initially recorded at cost in the Statement of Financial Position (unless otherwise indicated) and depreciated/amortised in accordance with Note 3(k).

- **Revaluations**

Land, buildings and works of art are independently valued every three years on an existing use basis of valuation and are included in the financial statements at the revalued amounts. The next valuation will be undertaken during 2001.

- **Disposal of Revalued Assets**

The gain or loss on disposal of revalued assets is calculated as the difference between the carrying amount of the asset at the time of disposal and the proceeds on disposal and is included in the results in the year of disposal.

Any related revaluation increment standing in the asset revaluation reserve at the time of disposal is transferred to the capital profits reserve.

- **Land and Buildings**

The University differentiates between "trust" and "other" land and buildings. A "trust" building is one which is constructed on land provided by government in trust for the specific purpose of operating the University, or acquired by settlement under a binding trust. Other buildings are referred to as "other" buildings.

3 Statement of Significant Accounting Policies (cont'd)

(k) **Depreciation and Amortisation**

Depreciation and amortisation are charged on a straight line basis using expected useful lives. The expected useful lives used for each class of asset are as follows:

	Range
• Buildings	30 - 80 years
• Library	5 - 50 years
• Plant and Equipment	5 - 10 years
• Software and Implementation Costs	3 - 5 years
• Leased Plant and Equipment	10 years
• Leasehold Improvements	10 years

(l) **Workers' Compensation**

The University is responsible for payments of workers' compensation claims and is registered with Workcover as an exempt employer. Administrative arrangements with the associated entity Unisure Pty Ltd incorporate the management of claims and funds invested.

The provision for workers' compensation claims has been prepared by William M. Mercer using the Claims Paid Development Method wherein all past claims are brought to current value with an allowance for late reporting of claims and administration costs.

(m) **Salaries and Related Expenses**

Items attributed to Salaries and Related Expenses include salaries and wages, employee entitlements, and other costs incidental to the employment of staff within the Economic Entity such as professional development costs, fringe benefit tax etc.

(n) **Operating Revenue – Other**

The classification "Other" contains revenue items which individually are not material due to their nature or size. Such items falling within this classification include sale of assets, income from independent organisations for whom the University provided management services, royalties, fund raising and bequests, sundry recoveries and recharges, etc.

(o) **The Special Reserve**

The special reserve is created for surplus funds which will be specifically acquitted in future accounting periods.

(p) **Rounding to the Nearest \$000**

All amounts in this report are rounded to the nearest one thousand dollars.

(q) **Comparative Information**

These financial statements display information for the preceding corresponding reporting period. Comparative figures have been reclassified to reflect current disclosure requirements of the University and DETYA.

As at January 2000, the University replaced the existing financial accounting system as among other things, the system was not Y2K compliant. As part of this replacement, there was a significant refinement to the accounting policies and codes used. This refinement, whilst significantly enhancing the quality of information reported, has nonetheless, created an apparent distortion when comparing 2000 actual results with those reported in 1999. Where possible, 1999 results have been reclassified to provide more meaningful comparatives.

Bank Loans and Commercial Paper					
The University obtained a loan facility to a maximum of \$22.9 million in 1991 for a period of 10 years. Terms of the loan are interest only payments from 1991 to 1996, and then the principal is to be reduced by \$2.9 million per annum from 1997 to 2001. The balance of the loan is payable on or before 11 December 2001. The loan is unsecured. The principal repayment for 2000 was financed through a commercial bill facility with a termination date concurrent with the above facility.

Lease liabilities provided for in the financial statements:					
Current		81	86	70	71
Non-Current		8	83	-	70
		89	169	70	141

The University leases plant and equipment under finance leases expiring from one to five years. At the end of the lease term the University has the option to purchase the equipment.

In addition, the University has contractual commitments to contribute in-kind contributions of staff time and access to resources for the conduct of research programs under Cooperative Research Centres and national competitive grants. CRC's obligations are met from the total funding provided by both the University and other sources. In respect of national competitive grants, the University enters contracts with the Commonwealth to carry out defined pieces of research. The Commonwealth provides a large proportion of the total project resources. Refer Note 28.

19 Contingent Liabilities

(a) Guarantees

The University in 1997 provided a \$4.35 million guarantee and an indemnity to the Bank of South Australia to support a loan made to Frome Street Car Park Developments Pty Ltd. The guarantee is for a ten year loan.

The University in 1997 provided a \$120,000 guarantee to the Australian Government, Department of Human Services and Health, for an interest free, 20 year loan of \$126,000 to be used for the construction of the Observatory Child Care Centre.

(b) The University of Adelaide Superannuation Scheme A 1985 (Scheme A 1985)

The University has guaranteed that members of this superannuation scheme will receive defined benefits in the event that this closed scheme has insufficient assets to meet the benefits. Actuarial advice is that there are sufficient assets available. Refer to Note 21(d).

19 Contingent Liabilities (cont'd)

(c) Insurance Claims

21 Superannuation Schemes (cont'd)

(c) **UniSuper Award Plus Plan – formerly Tertiary Education Superannuation Scheme**

The University is a participating institution in Tertiary Education Superannuation Scheme (TESS); a non-contributory scheme for University employees. The fund is administered by UniSuper Management Pty Ltd and TESS Superannuation Ltd is the trustee. The employer contribution rate, throughout 2000, was 3% of salaries for members of other superannuation schemes, and 8% for staff not covered by other schemes.

On 1 October 2000, TESS merged with SSAU to form UniSuper. TESS will now be known as UniSuper Award Plus Plan.

(d) **The University of Adelaide Superannuation Scheme A 1985**

The University of Adelaide Superannuation Scheme A 1985 (Scheme A 1985) provides superannuation benefits for employees who have not transferred to UniSuper. The Scheme is administered by William M Mercer Pty Ltd. The trustee is The University of Adelaide Superannuation Scheme A 1985 Inc. The Scheme is governed by a separate trust deed and the general laws relating to

	Note	Consolidated		University	
		2000 \$000	1999 \$000	2000 \$000	1999 \$000
21 Superannuation Schemes (cont'd)					
Summary

\$250,000 - \$259,999		-	1
\$540,000 - \$549,999		1	-
		12	11

Remuneration is based upon the total remuneration package which includes employer and employee (pre tax) superannuation contributions, due and receivable, by senior managers from the University. Certain senior managers were employed for part of the year.

During 2000, the Vice-Chancellor received remuneration in accordance with her employment contract.

The Vice-Chancellor and other senior managers derive board fees for services rendered to organisations outside of the University which they pay or direct as income to the University.

25 Additional Financial Instruments Disclosure

(a) Interest Rate Risk

The Economic Entity has placed its investments in a portfolio managed by independent investment managers. The fund managers enter into interest rate swaps, future contracts, interest rate options and other forms of agreements to manage cash flow risks associated with the interest rates on investments that are floating, or to alter interest rate exposures arising from mismatches in repricing dates between assets and liabilities.

	Note	Floating Interest Rate \$000	1 Year or less \$000	Over 1 to 5 years \$000	More than 5 years \$000	Non- Interest bearing \$000	Total \$000
<u>2000</u>							
Financial Assets							
Cash		14,405	-	-	-	-	14,405

25 Additional Financial Instruments Disclosure (cont'd)

(b) Foreign Exchange Risk

The Economic Entity has placed its investments in a portfolio managed by independent investment managers. The fund managers enter into forward foreign currency exchange contracts to hedge overseas share trading and foreign currency cash exposures. The terms of the hedge contracts are usually less than three months.

(c) Credit Risk Exposures

Credit risk represents the loss that would be recognised if counterparties failed to perform as contracted.

(i) On Statement of Financial Position Financial Instruments

The credit risk on financial assets, excluding investments of the Economic Entity which have been recognised in the Statement of Financial Position, is the carrying amount, net of any provisions for doubtful debts.

The Economic Entity's financial assets and liabilities are not materially exposed to any individual overseas country or individual customer.

(ii) Off Statement of Financial Position Financial Instruments

The reporting entity and its controlled entities do not possess or trade any Off Statement of Financial Position Financial Instruments.

(d) Net Fair Values of Financial Asset and Liabilities

Net fair values of financial assets and liabilities are determined by the Economic Entity on the following basis:

27 Investments in Associates

(a) Equity and Contribution to Results

Retained profits attributable to associates at start of financial year	289	459	-	-
Retained profits attributable to associates at the end of the financial year	162	289	-	-

(d) Accounting for Associates

(i) Capital and Other Expenditure Commitments

There are no material capital expenditure commitments relating to associated entities.

(ii) Contingent Liabilities

There are no material contingent liabilities relating to associated entities.

(iii) After Balance Date Events

There are no material after balance date events to report for associated entities.

(iv) Assets, Revenue and Expenditure

Since the above activities do not materially effect the University group figures, assets, revenue and expenditure have been reported as net amounts.

(v) Off Statement of Financial Position Financial Instruments

The reporting entity, nor any of its associated entities, have any Off Statement of Financial Position Financial Instruments.

28 Interests in Joint Ventures

(a) Groups

The University participates in a number of joint ventures. None of these operations are material to the University and there is no separate disclosure for 2000 in accordance with the Accounting Standard AAS 19. For reporting purposes these have been segregated into two groups as follows: Refer accounting policy 3(h).

(i) Cooperative Research Centres

The University participates in a number of Cooperative Research Centres (CRCs) at 31 December 2000. These Centres have the characteristics of joint ventures for a defined period (generally seven years) and have been reported as such.

A CRC is a research initiative of the Australian Government established to pursue specific areas of research. One of the desired outcomes of a CRC is the creation of specific intellectual property with commercial value. The participants in a CRC are an amalgam of research institutions, eg CSIRO, universities and private enterprise. Direct participants in these schemes are vested with joint venture interest. The funding of the CRC is co-ordinated through a Centre Agent who is appointed generally from one of the participating entities.

Funding transfers between the CRC and the University are accounted for as general revenue and expenditure. The University provides activity on a fee for service basis which is reimbursed by the CRC. In addition, over the life of the joint venture the University provides cash and "in kind" contributions (staff and access to facilities), which are part of its contractual obligations and are reported as part of the University's activity. At this stage, with the exception of GroPep Ltd (see below), there has been no intellectual property yet developed which is considered to have commercial value in either the ongoing or completed CRCs. Consequently at balance date, no value was ascribed to the intellectual property of the CRCs.

One successful example of a CRC achieving commercial value for the intellectual property created is GroPep Ltd, a company
